Growing the Papua New Guinea mining resources industry

PNG Industrial and Mining Resources Exhibition and Conference is the premier event that brings together all sectors of the industrial, mining and resources industries into one location to create a marketplace where business is done.

The event is under new ownership, with a commitment to invest into the professionalism, infrastructure and marketing of the event, both locally and internationally.

In 2024, the two-day exhibition will feature over 100 displays of equipment and stands, while the conference will showcase experts from across landowners, government, mining, energy, petroleum, infrastructure presenting on topics of productivity, safety, sustainability, and innovation in technology and equipment.

A networking reception and official dinner also provides attendees the chance to meet potential customers and partners in a relaxed setting.

Event program

TUESDAY 2 JULY 2024

6:00pm – 8:00pm
Networking event
The Stanley Hotel

WEDNESDAY 3 JULY 2024

9:00am – 5:00pm
Exhibition and Conference
The Stanley Hotel

7:00pm – 10:00pm
Official Dinner
The Stanley Hotel

THURSDAY 4 JULY 2024

9:00am – 5:00pm
Exhibition and Conference
The Stanley Hotel

The safety of event attendees and exhibitors will be paramount in the planning and delivery of the event. The Stanley Hotel has been selected as the venue for all components of the integrated conference, exhibition and social program, not just for the sophistication of the venue, but importantly to ensure that travel for attendees between locations is minimised.

Organisers will contract shuttles to run between various hotels and The Stanley Hotel during the event, while official event hotels will also operate shuttles to and from the airport.

The Stanley Hotel is security-gated complex, with multi-layered security protocols designed to prioritise guest safety. All attendees will be required to have pre-registered and will need to be checked in through the security processes of the venue in order to access the event.
